

Resetting your RTVRN Password

1

As of 2020, the password information is no longer available for the Administrators of the Mesa County RTVRN. You will need your **“Organization”** and **“User Name”** to reset your password. If you do not know either of these, please contact a Mesa County GPS Survey Team member, and they will provide you with them. Also, if a former member of your team created the account, you will need to have your email address updated by a Mesa County GPS Survey Team member, or resetting the password will not work.
